Dear Residents,

I want to call your attention to a meeting that you should strongly consider attending. **United States Congressman Rich Nugent is conducting a "budget listening session he is holding in our area regarding our impending budget crisis and the proposed responses to it."** If you have opinions on the various proposed spending cuts, what should and should not be cut, ideas on what needs to be done to resolve our deficit spending and the National Debt, and ideas how to balance the Federal budget, etc. to get our country out of this mess, this meeting is important. The changes being proposed will affect "**all of us**" in some way or another. Below are the details of his email to constituents which includes the meeting dates, times, and locations.

U.S. Congressman
Rich Nugent

Representing Citrus, Hernando, Lake, Levy,

Dear,

I wanted to take a moment to invite you to a budget listening session I'm holding in your area regarding our impending budget crisis and the proposed responses to it.

There is a great deal that the mainstream media is not reporting and I want to make sure that you have the crucial facts. The crisis is not as far off as the experts have predicted in recent years. The recession has brought the debt crisis forward and it is important that we start discussing the impact of that.

If you can make it, I hope you'll join me for this brief discussion. There will be an opportunity to get any questions you have answered and to let me know directly what you think Congress should do. If you cannot make it, I will also be putting a copy of the presentation on my website at <http://nugent.house.gov>. My contact information is there as well.

The meetings will be held on

***Tuesday, April 26th, 2011 at:
Crystal River City Hall
123 NW Highway 19
Crystal River, Florida
From 9:00 a.m. to 10:30 a.m.***

***And Wednesday, April 27th, 2011 at:
Inverness City Hall

***Sincerely,

Please consider attending one of these two meetings. It is important that our community shows an interest in resolving these problems and it gives you, the voter, an opportunity to be heard on this critical issue facing our country.
