

Sugarmill Woods Bulletin

October 28, 2011

Dear Residents,

This is your friendly reminder that we are holding another "**SMW Bike Lanes Proposal**" **Open House** session. A number of residents commented that they would like to meet with County officials to better understand the proposal but for various reasons they were not able to attend the October 13 afternoon session. This session is intended for you or anyone that may have additional questions they would like to ask.

Like the first session, the Sugarmill Woods Civic Association together with Citrus County Public Works / Engineering, Cypress Village POA and Oak Village Association will be jointly hosting an Open House session for all residents to review the proposal to add bike lanes to selected Boulevard roads within the Sugarmill Woods community. The date and time of the session is as follows:
